

PUSHPENDRA SANYASI

pushpendra3010@gmail.com | +919844095479

- Professional Synopsis**
- IIIT graduate with 18 months of industry experience in Framework development in Java technology. Experience in handling web application - design, development and implementation.
 - Proficient understanding and skills in Java, J2EE, PL/SQL, Oracle.
 - Good understanding and working knowledge of Algorithms, Data Structure and Operating Systems.
 - Working knowledge on HTML and JavaScript.

Experience

Software Engineer
Yodlee Infotech Pvt. Ltd.
June 2012 – Present (1 year 6 months) | Bangalore, India

Intern
Motorola Mobility Pvt. Ltd.
June - Nov 2011(6 months) | Bangalore, India

Education	Qualification	Institute's Name	Passing Year	Performance
	B.Tech (Computer Science)	Indian Institute of Information Technology Design And Manufacturing, Jabalpur	2012	6.7 (CPI)
	12thISC	SDA Higher Sec. School, Ahmedabad	2007	81%
	10thICSE	SDA Higher Sec. School, Ahmedabad	2005	75%

- Skills & Expertise**
- Java, J2EE, Spring
 - RESTful Web Services
 - Design Patterns
 - RDBMS
 - JavaScript

Professional Projects

IATF
The Intelligent Automated Testing Framework(IATF) was created in order to enable the user to automate the testing scenarios in automated test scripts which can be integrated with the framework and then execute on any environment/builds depending upon the requirement. IATF is capable of handling automated UI testing as well as automated API testing.
Technologies: Java, Spring, SoapUI, Sahi, Jetty, Log4j

Rest API Integration
Adding Rest API support to the ATF framework so as to enable the framework to handle Rest request/response and to be able to automate Rest API testing through the framework.
Technologies: Java, SoapUI, Groovy, Rest, OAuth

RTMT
Requirement and Test Management Tool (RTMT) is a user interface provided to the user by which test case integration is done in the framework. The system provides user-facing web application for all QA members, as well as a suite of setup and administration tools that assist the QA members in updating and managing the automated test cases.
Technologies: Java, Spring-MVC, JSP, Servlet, HTML, CSS, JavaScript, Ajax

Parallel Processing Framework

ATF Parallel Processing Framework: - This feature was developed to enable parallel execution of script in multiple machines so as to reduce the overall execution time. This feature implements master-slave architecture through JMS to coordinate between jobs and finish the entire execution of test suite.

Technologies: Java, Apache ActiveMQ

Academic Projects

File Tracking System(2012)

FTS is a web based application to monitor the movement of receipts and files and assist in their easy tracking. It is an integrated package which has features right from creation of receipts/files, updating its status, opening of new files, tracking the movement of the files, dispatch of letters/files and finally records management. This software is right now in use in IIITDM college for tracking file in the administrative office.

Technologies: Spring, JSP, Servlet, HTML, CSS, JavaScript, Ajax, MySQL

Internet Banking System(2010-2011)

Developed an online comprehensive solution to manage Internet banking. Developed this web application using J2EE. This project was done as part of the **IBM TGMC Software Engineering Contest** and **ranked in the top 20 teams** in India.

Technologies: Spring, JSP, Servlet, JASPER, SSL, HTML, CSS, JavaScript, Ajax, DB2

Tarang(2011)

(College Cultural Festival website)

Developed this website for the cultural festival which had the requirements for good looks and better user interface and this portal has been well received by users.

Technologies: HTML, CSS, AJAX, JavaScript, jQuery

Additional Information

Programming Languages	C, C++, Java, Groovy
Web Technologies	HTML, CSS, JavaScript, jQuery, Ajax, J2EE
Server Side Scripting	Java Servlet, JSP, PHP
API's and Frameworks	Spring, Cake-PHP, LAMP, Grails, OpenGL

- Achievements**
- Have taken lead in several modules assigned to me and made sure that each of them completes within the estimated amount of time and got many appreciations regarding this.
 - Ranked in the Top 20 teams in India, in IBM-The Great Mind Challenge Contest 2010, a nation-wide contest for software development.
- Interests**
- I enjoy cooking, reading motivational books, listening to music, watching sports esp. WWE and cricket.
 - Like to play multiplayer computer games like Counter Strike and Age of Empires.
 - As a favorite pastime I like to play Carrom and Table Tennis.
 - I enjoy watching Hollywood action movies esp. Batman.

Personal Particulars

Date of Birth : 30th October 1989
Gender : Male
Nationality : Indian
Languages : English, Hindi ,Gujarati
