

Sebastian Thomas

Applications Engineer at Oracle

sebastianthomas1@live.com

Experience

Applications Engineer at Oracle

June 2014 - Present (10 months)

CSE Association Secretary at TKM College of Engineering

March 2013 - April 2014 (1 year 2 months)

Certifications

shaping-up-with-angular-js

Code School

Projects

College TechFest Website

February 2014 to Present

Members: Sebastian Thomas, Aslam Abbas, Shyjal Raazi

We did the College website for TechFest in a span of 20 days. It was a proud moment for all of us.

Multi-document Summarization and Ordering

November 2013 to March 2014

Members: Sebastian Thomas, Bivin Vb, Fredy Shaji

Given many documents about the same topic, a summary about the topic is generated by taking the most relevant sentences from the documents and then the summary is ordered in a readable manner. The sentences are clustered to group together similar sentences. From each cluster, we select a sentence that can represent the whole cluster. The selected sentences are then ordered to get good readability.
