## EDUCATION

### UnCollege Fellow

3/2014-present

UnCollege is a Thiel Fellowship winning project that promotes unconventional self-directed education through mentor-ship, exploration and internship curricula with an entrepreneurial community.

### Self-taught UX Designer

8/2013 – present

I researched, designed my own curriculum for teaching myself UX and Interaction Design, followed it and applied it in real life.

- My Learning Map: Design (Infographic)
- Took about 15+ courses online from Lynda.com and Interaction Design Foundation.
- Applied it in about 20 events in last 7 months (including hackathons, conferences, meetups) at locations like Bangalore, Mumbai, Hyderabad, Kochi, San Francisco and Los Angeles.

### Kalinga Institute of Industrial Technology, Bhubaneswar

8/2009 – 5/2013

B.Tech in Mechanical Engineering.

## TECHNICAL SKILLS

- Illustrator
- InDesign
- HTML
- CSS
- JavaScript
- Ruby
- Rails

## PRACTICAL SKILLS

- User Centered Design
- User Research
- Rapid Prototyping
- Storyboarding
- UI Design
- Interaction Design

## WORK EXPERIENCE

### Rhizi

Design Intern, 8/2014-12/2014

Rhizi is an open-source software company based in Europe. Our goal is to empower ordinary people to work with networked data. To this aim, we are developing a collaborative web application that makes it simple for people to co-create, explore and visualize knowledge networks.

### DIYDegree

Research Intern, 9/2013-12/2013

My responsibility was building a database of every US College's transfer credit policy and record credit allowances by each of them, things like how many CLEP/DSST/PLA credits they allow.
