WORK EXPERIENCE

1. UI/UX Designer, Xurmo Technologies Private Limited, Bengaluru July 2014-Present

Xurmo Technologies is a Big Data analytics startup which provides a platform that allows instant Search-guided Query for complex analysis.

- Responsible for **designing web based apps' user interfaces** for clients such as ITC Limited, HDFC Bank Limited and Fishbowl
- 4 web apps already deployed in ITC Limited and 1 web app deployed in HDFC Bank Limited
- Being a sole designer in the startup, I also **contribute to graphic designs** such as logos, icons, business cards, marketing collaterals and greeting cards

PROJECTS

1. Xurmo's Responsive Website (Website: <http://xurmo.com/>) February 2015

- Did the **front-end development** of the Xurmo's 2015 website using Bootstrap, HTML, CSS, Javascript and jQuery

2. Net Zero Energy Building July 2013-May 2014

- Project done for the partial fulfillment of engineering degree in the final year
- Worked in a team of seven to **plan and design** (on paper) a 'Net Zero Energy Sports Center' in Gomti Nagar, Lucknow
- **Responsible for the structural designs and CAD works** of the building
- Contributed wherever required in the functional planning (included green roof designing and day light harvesting)

3. Portfolio Website Development (Website: <http://devashishdasgupta.in/>) December 2013

- Designed and developed the portfolio website of Dr. Devashish, an Associate Professor at IIM Lucknow
- Used Wordpress as the Content Management System. The website is mobile friendly

4. Brochure for Consulting Club, BITS Pilani September 2013

- **Designed the professional brochure** and was **rewarded** for successfully completing the task within stipulated time

INTERSHIPS

1. Research Intern, Indian Institute of Management, Lucknow Dec 2013-Jan 2014

- Project was on 'Applications of Multi Attribute Decision Making (MADM) in E-Commerce'. **Researched about 'Multi Attribute Decision Making'**; its methods and applications
- Researched and identified potential areas of risk and similar parameters where MADM can be applied
- **Submitted a research paper** and received certificate for internship completion

2. Summer Intern, Public Works Department, Lucknow June 2013-July 2013

- Stayed at the site to get the insights of the construction of a cantilever retaining wall
- **Performed required field tests** and solved a sample design problem and received a certificate of recognition for internship completion
- Submitted the report to the faculty in charge and **received distinction mark** for the same
