PERSONAL STATEMENT

I'm a 21 years old Web & Mobile Developer from India currently based in Bengaluru. My Primary area of proficiency is developing web apps. The usage to stand out as an innovator has found me on the best books of this domain.
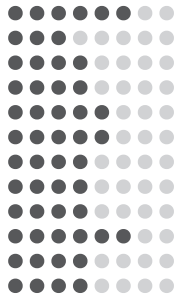

I have 2 years of experience working as a Web developer but apart from web, mobile app development is strong torte of work, interest and dedication, and I am spending my time in improving in this area. I'm always eager to learn and meeting new people with similar passion and interests helps me grow dynamically

Why don't we work together? Go futher down to see why I am the man you need to hire!
